# What our customers say...

“ Rediff’s email solution is pretty good and **reliable**. We are also pleased with the **quality of support** provided by the team at Rediff. “

Prasad  
VP, Ops & Tech  
Vistaar Financial

“We subscribed for Rediff enterprise mailing solution after **migrating from Zimbra Exchange**. We're glad to mention that Rediff's Enterprise mailing solution has benefit our organization with **advanced features** like Mobile client, Bulk IDs management and Attachment restrictions etc. We **highly recommend** Rediff Enterprise Mailing Solution“

zulquar  
IT Manager  
CeaseFire

"Rediff's efficient services with **prompt support and state of the art features**, has provided **trouble free e-mail environment** in our organization. Today we have keepitonn.com and ebellfashions.com running on Rediff Mailing Solution platform. **Highly recommendable** mailing solution for Corporates."

Sandip  
IT Manager  
System Admin

“**Coming from QLC**, We evaluated many services and we are very delighted to select Rediff.com. Their **100% mail delivery, advance anti-spam, anti-virus, and complete mail sync** across different devices has proved them a must-have Corporate mailing service provider. We **highly recommend** them to all those looking for a **stable and efficient** mail environment.”

Sanjeev  
IT Manager  
D.Pauls Travel & Tours

gokaldas exports ltd.

**Email App for  
your mobile**

**5 page Website  
with sales enquiry**

# Professional Email for companies

## Your company name in your email ID

- Choose from .com, .in, .co.in and other domain registration options.
- See which domain name best fits your company name.
- Project your brand each time your employees send mail e.g. sales@xyz.com

## Seamless access across PC, mobile phone, tablet

- Mobile app that works on most phones and tablets.
- Get new mail notifications to keep track of business emails.
- Block email access when employees leave organisation.

## Easy to use administration controls

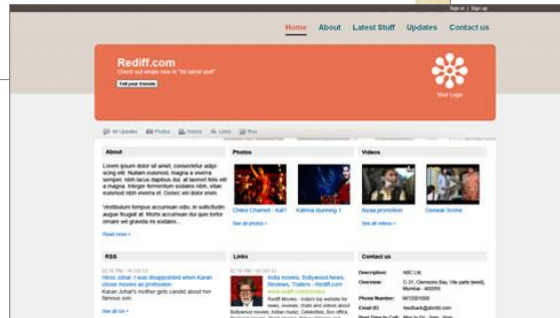

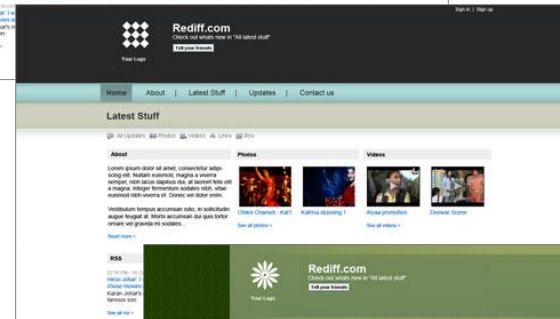

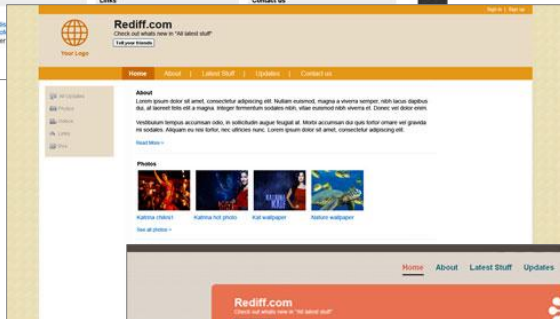

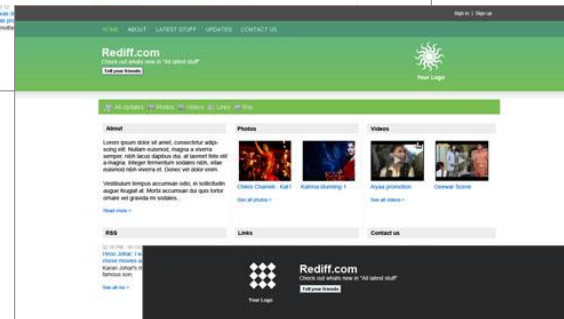

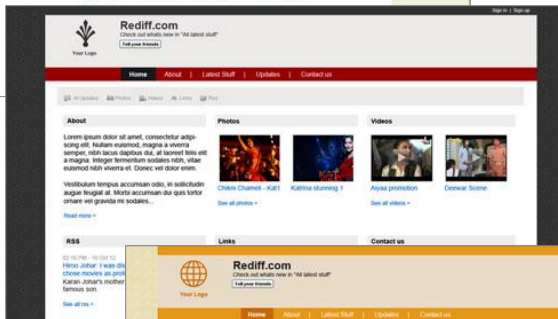

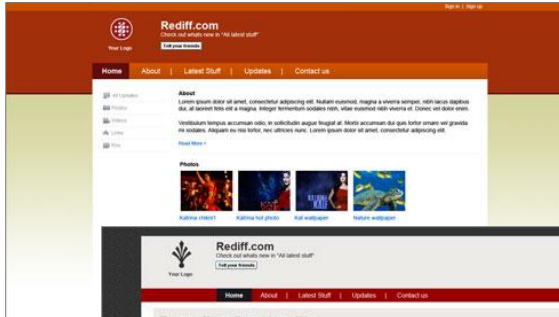

- Your IT administrators need many different tools to protect your company's interest:
- Prevent people outside your network from accessing your email.
- Control what kind of attachments can be sent or received.
- Control additions and deletions to the official Address Book.

## Easy to use tools to create your website

- Thousands of layout options to choose from.
- Showcase your products & services.
- Upload videos & photos of your products.
- Optimised for discovery by search engines.

# Business Website templates

# Buying process

1. Check the availability of your domain e.g. yourcompanyname.in. If you already have the domain just enter your domain name and proceed.
2. Select the email plan that suits your company. Choose up to 50 email IDs of 2 or 5GB each for 1 to 10 years. You can buy additional email anytime later.
3. Pay by Credit Card/Debit Card, Internet Banking, Cheque, DD or Cash. Credit /Debit Card and Net banking payments will be activated immediately. Cheque, DD or Cash will be picked up by our courier agent within 3 working days. Within 2 working days after your cheque/dd is realized in our bank or courier agent receives your cash, your account will be activated.
4. Setup email, login and create your website. Create the admin account and choose template for website.

Anytime you need any help please feel free to reach out to Online Sales Support team
