

## B 11- Seating Arrangement Quiz

**Direction(Q1-5):-**10 persons M, T, R, Q, L, J, O, P, N, S are sitting in a straight line. Some of them facing north while others facing south. (Note: Facing the same direction means, if one is facing north then the other also faces north and vice-versa. Facing the opposite direction means, if one is facing north then the other faces south and vice-versa)

Q is the third to the right of J who sits at any of the extremes ends of the line. The neighbours of Q faces opposite directions. S is the second to the right of Q. P is not an immediate neighbour of Q. The face of S is an as same direction as Q. T is the immediate left of M. Q faces north. M is the immediate neighbour of S. L is the immediate left of P. P and Q faces opposite direction. L does not sit at any ends of the line. The person between J and N is as same as between N and O. R is the seventh to the left of L. O is not facing south. The immediate neighbours of O face same direction as O.

**Q.1 How many persons, whose facing to the south are sitting to the left of S?**
