

## B 17- Seating Arrangement Quiz

### Quiz for IBPS PO Part- 10

**Directions (Q.1-6):** Nine people A, B, C, D, E, F, G, H, and I stay in a building not necessarily in the same order. The building has nine floors and only one person stays on one floor. All of them own one each, and each car is of a different car, i.e. brown, white, blue, yellow, silver, red, violet, purple and peach not necessarily in the same order. The ground floor is numbered 1, the floor above it, number 2 and so on and the topmost floor is numbered 9. H owns a blue coloured car and stays on even numbered floor. A stays on even numbered floor below the floor on which H stays.

The one who own a violet coloured car stays on 4th floor. E stays on the second floor and owns the white coloured car. The one who owns a purple coloured car stays on the third floor. A does not own a silver coloured car. There are two floors between the floors on which the people owning the blue and red coloured cars stay. C owns a brown coloured

car. There are three floors between the floors on which C and G stays. D stays in a floor immediately above I's floor. There is one floor between the floors on which F and G stay. F does not own the purple coloured car. The one who owns the peach car stays on the top most floor. F does not stay on the ground floor.
