

## B 5- Seating Arrangement Quiz

### Direction:

There are seven persons Aastha, Aayush, Akshay, Aayushi, Ananya, Akku and Aman who are living in an eight-storey building on different floors which means there is a vacant floor in this building but not necessarily in the same order. There are three males and others are females in this group.

- Only one person lives between Akshay and Ananya who is a male.
- Aman who is male lives immediate above Akku's floor.
- Akshay sits on an even numbered floor.
- The one who lives on second floor is a female.
- There are two floors between aayushi and Aastha's floor and both are females.
- No female lives on the bottom floor.
- There are only two persons between the person who lives on floor number 3 and the vacant floor.
- Aayushi sits on the topmost floor.
